### Elizabeth Sensabaugh

Hi! I originally met Kat when a friend recommended her pet sitting services back in 2006. Kat began caring for my **three cats and three dogs** over a year ago, and her services have been exemplary.

**I joined Katnip Acre Pet Sitting in 2007 as a part-time pet sitter.** I am so honored to join Kat in providing the high level of pet care that Katnip Acre's clients have come to expect. When not pet sitting, you can find me working at the Blacksburg Library.

**I am originally from Lexington, Virginia,** and have lived in the New River Valley for the past 20 years. While studying at Radford University in 1990 I got my first cat, **Boo-Boo**, who is now 17 years old! **Clovis**, a Shar-Pei, and cats, **Big Golly** and **Pris E.** joined my pet family in 1992. Sadly, **Clovis** passed away in 2007, shortly after her 15th birthday. She was remarkable companion and we miss her every day.

My pet family expanded again in 2004-05 with the addition of **Lennox**, a loving Lab/Boxer mix, and **Madeline**, a rescued Great Dane. Our house is currently at full capacity!

I am thrilled to join Katnip Acre Pet Sitting in caring for your precious pets, and I look forward to meeting you and learning about your pet care needs. ~ Elizabeth

### Rachel Dalton

Hello everyone! **I joined the Katnip Acre family in 2007 to help with the late-year holiday season.** I have always enjoyed spending time with pets, and believe that happy and healthy pets require plenty of love, playtime, and exercise.

**I grew up in Manassas, Virginia** and now reside in Snowville (outside of Riner). When not pet sitting, I work as an office manager for a small dental practice in Blacksburg, and enjoy spending time with my husband and two step-children, ages 14 and 18. We have two Jack Russells names **Tex** and **Levi**. I am a big fan of Cesar Milan, the Dog Whisperer on the National Geographic Channel. I also have two cats – **Rufus**, my 12 year-old tomcat, and **Phez**, who is 3 years old and “belongs” to **Tex**!

While my animals are a huge part of my family life, I also enjoy camping, hiking, snow skiing, fishing, hunting and sewing. I look forward to meeting your furry family and taking care of their special needs while you are away. ~ Rachel
